

## **Notice to Parents, Faculty and Staff**

### **Asbestos Management Plan 2022-23**

Avon Public Schools has an asbestos management plan on file for each school building as required by the Asbestos Hazard Emergency Response Act (AHERA). This management plan has been approved by the Asbestos Program of the Connecticut Department of Public Health.

A copy of the plan is available for your review at each school building. Additionally, a complete set of management plans is maintained in the Avon Board of Education Office at 34 Simsbury Road, Avon, CT. These plans are available during normal business hours.

Periodic surveillance is required and conducted every six months. Each building is completely re-inspected every three years by a Connecticut-licensed asbestos inspector to make sure all ACBM is properly identified and that all asbestos management plans are up to date.

Avon Public Schools has designated the Director of Operations, Myles Altimus, as the person responsible for ensuring that the requirements of the asbestos management plan are properly implemented. Mr. Altimus can be reached to answer any questions/concerns regarding this process at [maltimus@avon.k12.ct.us](mailto:maltimus@avon.k12.ct.us).

### **Integrated Pest Management Plan 2022-23**

Avon Public School is in compliance with the Connecticut State Act #99-165, "An Act Concerning Notice of Pesticide Applications at Schools and Day Care Centers". The policies concerning the use and application of pesticides are available for your review at the A.B.O.E. office and in the main office at each school.

You have the right under law to register your name as the one to be notified in the event that an application becomes necessary at your school. To receive notification of an application, you must register your name in writing and send it to the Principals office of your school.
